Foreword

This unusual offering to the public of the "Original" Celebrated Grinnell Collection of United States Paper Currency warrants a few apropos remarks regarding the extent of Mr. Grinnell's endeavor to form what is generally regarded as the most complete series of our National Paper Currency ever to be brought together into one vast collection.

While he was an ardent student of Numismatics for a great number of years, his preference for United States coinage was notable and it was his particular desire to complete if possible the Paper Money Series for the Collection. Seeking to accomplish this almost impossible task led to an intensified effort on his part in the last two decades, during which period he spared neither time nor expense to realize his lifetime ambition.

How well he succeeded can be gleaned from the fact that with a few exceptions, the entire series is now complete and the Collection is unsurpassed. No other Collection of notes, so complete, exists and it is highly improbable that a similar collection will ever again be offered at Public Auction or Private Sale.

It is difficult to conceive the magnitude of this magnificent Collection, therefore, it would be futile to attempt to enumerate the many rare and desirable specimens contained therein in any preface. However, it will suffice to add that this presents perhaps the only opportunity to secure specimens of notes which heretofore were regarded impossible to acquire.

This catalogue will comprise the second section of Mr. Grinnell's vast Collection. In it we shall endeavor to furnish valuable historical information pertaining to each series of the various issues so the Catalogue may be a fitting testimonial to Mr. Albert A. Grinnell for his truly monumental efforts and a lasting contribution to Numismatics. We sincerely hope everyone who receives this Catalogue will appreciate its potential value as a permanent record of the finest Collection of this kind ever sold at Public Auction.

The acquisition of any specimen from this superb collection should afford a great deal of satisfaction to its new owner for many of the notes are "unique" and hitherto unobtainable at any price. Therefore, we urge that you read the terms of the Sale carefully then check all items which may be of interest, and prepare your bids at once for this is a matter of "priority" which is most important.

We invite your liberal patronage for this great sale with the assurance that all commissions will be executed most faithfully.

Numismatically yours,

BARNEY BLUESTONE.

A GREAT NUMISMATIST

Mere words alone would be futile to adequately describe the great character of Albert A. Grinnell, whose world famous Collection of United States Paper Currency is herein being offered for sale at public auction in accordance with his express desire, "That others who may have a kindred interest share in each case the great pleasure which the acquiring of each of them has given to me." This is typical of Mr. Grinnell who has always been most liberal minded in all transactions.

His prominence as a Numismatist is attested by the fact that he is loved and admired by hundreds of the Collecting Fraternity. His deep interest in this subject is nationally known for he has always been active in the affairs of the American Numismatic Association of which he is Life Member No. 20. For many years he attended the A.N.A. Conventions where his exhibits have always been of outstanding interest.

He was a founder of the Detroit Coin Club and served as its second president. At the 400th meeting of that Club in 1941, he was presented with a large gold medal bearing his likeness, in recognition of his meritorious contribution to numismatic science. Similar recognition was bestowed upon him by the Odd Fellows Lodge at Oakfield, N. Y. for fifty years of active membership. His Masonic Lodge in Batavia, N. Y., bestowed upon him the same honor for a half century of splendid service.

Although he has been established in Detroit for the past thirty-four years, his early life was spent in New York State. Mr. Grinnell is a native New Yorker, having been born June 12, 1865, in the town of Shelby, Orleans County, where his father conducted a general store. It was here at the tender age of eleven that he manifested his first interest in numismatics. At the close of each day his father would empty the contents of the till, and usually young Albert showed keen interest in any shiny new coins which he saw among the day's

receipts. No doubt many of these he acquired for his collection.

After his early training at home, he later completed his education at the Rochester Business College graduating with high honors. With his sheepskin tucked under his arm, young Grinnell departed to launch upon his business career. However, he paused long enough to be married to his boyhood sweetheart, Miss Helen A. Avery, in 1888. She was thereafter his constant companion and inspired him to success until her untimely demise in 1931.

His first business venture was the establishment of the Grinnell Retail Coal and Lumber Yard at Oakfield, N. Y. His genial disposition coupled with fair dealing was soon reflected in the success of this enterprise and it was not long before he branched out into other fields. Several years later, Mr. Grinnell had developed a successful business by building the large grain elevators and warehouses for the handling of farm products. After many years of handling this great enterprise, he finally moved to Detroit in 1910 to become affiliated with Grinnell Brothers Music House. Later when the company was incorporated, he became Vice-President and afterward President, which office he held until retirement.

Devoting many years of his life to the accomplishment of acquiring the finest and most complete collection of U. S. Paper Currency as Mr. Grinnell did, sparing neither time nor expense in obtaining the finest specimens only, has made this offering possible. This commendable undertaking at its successful culmination can be best realized after a careful study of the contents of this catalogue.

The privilege of cataloguing a collection of such vast importance is indeed a rare pleasure and I feel singularly honored in being selected by Mr. Grinnell to disperse this marvelous collection in a fitting manner so that all interested may be properly served.

Numismatically yours,

BARNEY BLUESTONE.

UNITED STATES PAPER CURRENCY

The largest and most complete collection of United States paper currency ever offered at public auction. Including some of the greatest rarities, many of which are unique and in a number of instances but one other of its type being known. Many of these early notes are excessively rare in any condition but in superb state of preservation such as are the specimens herein offered, it is doubtful if a similar opportunity will ever again present itself.

NATIONAL GOLD BANK NOTES

Act of Congress, July 12, 1870. Issued in denominations of $5.00, $10.00, $20.00, $50.00 and $100.00. The obverse of these bills bear the same general design as the regular national bank notes of the first issue. They are printed on yellow paper and read "redeemable in gold coin". The reverse is printed in brown with the center panel depicting the various types of U.S. Gold Coins printed in black. These notes were issued by California banks to facilitate their transactions in gold. They were secured by deposits of government bonds with the United States Treasurer at Washington. They were issued for banks in San Francisco, Oakland, Santa Barbara, Stockton, Petaluma, Sacramento and San Jose.

The following notes of California National Gold Banks are unquestionably the finest and most complete in existance. All of these notes received considerable circulation hence all show evidence of wear. Therefore choice specimens have always been excessively rare. This unusual opportunity to secure the finest specimens obtainable will perhaps never again occur, so it behooves the discriminating collector to take advantage of this chance of a lifetime and secure some of these notes which they have so long been waiting for and which undoubtedly will never again be offered.

SILVER CERTIFICATES (FIRST ISSUE)

These are the very rare notes issued by the Government by authority of Congress. Act. of Feb. 28, 1878. Series of 1878 and 1880. These notes bear on the obverse "Certificate of Deposit" which certifies that silver dollars have been deposited with the Treasurer of the United States to pay the bearer on demand. Some of the 1878 series were issued for silver deposited with the Assistant Treasurer in New York and were countersigned by him or his subordinate. The Washington certificates were countersigned by the Assistant Treasurer of the United States. The reverses are printed in black and are similar to each other in design, the principal feature being the word "Silver" in large letters across the note.

This series is of the greatest rarity. Very few of them known to exist. It is indeed a most unusual opportunity to secure specimens which haven't been known or offered for decades, perhaps will never again be available. Therefore, it behooves the collector who has been seeking these notes to "strike while the iron is hot" because this is the opportunity of a lifetime.

SILVER CERTIFICATES

CUT SHEETS CONSISTING OF FOUR NOTES PER LOT

(Consecutive serial numbers)

This is absolutely the largest and finest lot of severed sheets ever brought together and to be offered for sale at any time. Early issues of severed sheets are particularly rare, for the notes were printed from plates of four impressions to the sheet. The sheets were stacked up in piles of perhaps 100 sheets. Then the seals and the serial numbers were printed on after which the piles were severed into four stacks of single notes. Thus it can readily be seen that each stack of individual notes would be numbered four numbers apart. To rearrange the original sheets in their proper numerical sequence was a most difficult task indeed. We trust the potential buyer will appreciate this tremendous labor of love which makes available these marvelous sets of crisp specimens. In order to avoid a repetition of detailed descriptions for each series and denominations of the following lots, since they have already been described in previous listing, in the individual notes of the various series and dates, we shall merely mention the denominations, dates, signatures and any other important characteristics which may occur such as very low and attractive serial and plate numbers.

720 $10.00—1880, Sigs. Bruce and Wyman, Plate 13, Rev. plate 5. In single notes these are rarer than most collectors realize, but in cut sheets are exceedingly rare and seldom seen. In cases where the notes are not listed in the Standard Catalogue the recommended prices are based on fair average value. You can confirm this by referring to the price list of the former sale and noting the many instances where the notes sold for more than (in some cases nearly twice) the recommended values. Unc., Crisp. ($150.00)

721 $10.00—1880, Sigs. Bruce and Gilfillan, Plate 10, Rev. plate 17, Much more difficult to obtain than last and seldom seen, especially in cut sheets, Unc. Crisp. ($160.00)

ATTRACTIVE "SERIAL NUMBERS"

Collecting Paper Currency by serial numbers is one of the ramifications of numismatics. It is a branch that has been neglected until recent years. However, there are now many ardent fans for this interesting and delightful hobby and the present offering of serial numbers should provide a veritable feasting place for those who are interested.

Many attractive combinations are possible in this type of collecting and many collectors specialize in particular arrangements. For your convenience and assistance, I am showing any prefix or suffix letters that are a part of the serial number.

In the offering of the Legal Tender and Coin Notes in the previous sale, the good numbers were practically closed out. The Gold and Silver Certificates are more scarce and much more in demand and we anticipate they all will be sold above the recommended values.

This collection has taken many years to form and I think I can say without fear of successful contradiction that it is the largest, most complete and finest collection of low and attractive serial number notes ever to be assembled. Many collectors of all kinds will rejoice because of this opportunity which comes but once in a lifetime. These notes are excellent showpieces.

GOLD CERTIFICATES—7th ISSUE

The beautiful lathe work comprising the frame design surrounds the rich yellow field in the center of which appears the dignified portrait of Washington. Above, center is "20" in yellow and below the portrait, the words "In Gold Coin" also printed in rich yellow. ($175.00)

"SHORT SNORTER" DELUXE—Gold Certificate

969 $100.00—1922, Portrait, Benton, Gold Certificate, Red seal (scallops), Sigs. Speelman and White, This is a most unusual and outstanding item of its type for very few notes of this high value were so indorsed. The usual specimens carried by a member of the "Short Snorter's" Club were mostly one-dollar notes signed by other members, etc. However, this specimen bears the signatures of persons prominent in the history of aviation. Among the signers are such names as: Roger Q. Williams, who piloted a Bellanca airplane from America to Rome, "Casey Jones", who is now President of the Curtiss-Wright Flying Service and one of the old-timers, Frank M. Hawks, holder of many speed records, one of which is the non-stop flight from Los Angeles to New York and return. B. F. Mahoney, who built the "Spirit of St. Louis" which Lindberg flew to Paris in 1927, W. S. "Billy" Brock, the man who flew around the world with Eddie Schlee. There are many more prominent names, literally covering the entire note on both sides. At least 80 signatures all of whom have made, are making, or will be making history. This note was autographed at a Banquet held in Cleveland, Ohio, Sept. 1929. A number of celebrities were in attendance and a letter accompanies the note which explains the circumstances. This is of the greatest rarity and a real show-piece which shall incite spirited bidding, Fine. ($225.00)

RARE AUTOGRAPHED NOTES

All Silver Certificates

The following collection of autographed notes, many of which are unique, contains the most cherished items of Mr. Grinnell's marvelous collection. To the layman or the advanced collector, this portion of the catalogue will furnish the thrill of a lifetime for the very existence of many of these specimens has not been generally known. When Mr. Grinnell decided to dispose of his beloved collection, he stipulated that the disposal be conducted in such a manner that the great pleasure which the acquiring of each specimen had given to him, shall be given again in each case to some inheritor of his own tastes. Thus, in compliance with his request these notes, which were considered the joy of his life, will in turn bring great joy to those who shall participate in this sale.

UNUSUAL COLLECTION OF ERROR OR FREAK NOTES

All of the following are Silver Certificates except lots 997-998 and 999 which are Gold Certificates. There is an increased demand for this type and they are becoming more popular than freak coins. The fact that these errors exist indicates that they do slip through despite rigid inspection. However, more of them are detected by inspectors than get through. Therefore the few discovered by the alert collector are highly prized and seldom offered for sale. These items will have a tendency to increase rather than decrease in value.

997 $10.00—1922, Michael Hillegas, Gold Certificate, Gold seal (scallops) Sigs. Speelman and White, This note has the back inverted, Very rare as the Gold notes were carefully watched for errors, Very fine. ($30.00)

THE GREATEST ERROR IN THIS SALE

1015 $1.00—1899, Sigs. Lyons and Treat. This is by far the greatest error in this sale. To the best of our knowledge it is unique and stands all by itself in the field of rarity. It is a human and not a mechanical error. The detail is so small it would take the most intensive searching to locate it. In fact you may look at the note and be told that there was an error in it and not find it. The title of the Treasurer is given as "Treasurer of the United State." instead of States. There is a period after the word "State." which shows conclusively the end of the word which is absolute proof that nothing has been taken from the word by erasure or otherwise. Mr. Grinnell carried the plate number with him for many years but never found one of the notes. This note came from the Colonel Green Collection. It is highly improbable that another will ever present itself. Crisp, Unc. ($250.00)

SILVER CERTIFICATES

UNCUT SHEETS OF UNITED STATES CURRENCY

The uncut sheets are complete sheets of four notes each as originally issued by the Bureau of Engraving and Printing. These sheets are intact, none of the notes have ever been severed and the margins are full and complete. These are excessively rare of the early issues. Each sheet is inclosed in a special made cellophane holder, neatly bound at the edges in green, with perforations at right side making them adaptable for ring binders. I can say without fear of successful contradiction that an opportunity of this kind will never again present itself. In the first section of this famous collection offered Nov. 25, 1944 in which only two uncut sheets were offered these items created a stir of excitement which resulted in spirited bidding.

1035 $1.00—1896, History Instructing Youth, Sigs. Bruce and Roberts, This is a show-piece of magnificent engravings and is the only entire unsevered sheet known of this denomination and signature combination, Has been folded but does not mar its appearance, Excessively rare and should bring a record price, Unc. ($150.00)

1036 $2.00—1896, Science, Steam, etc., Sigs. Tillman and Morgan, The official issuing and sealing dates are written by Mr. Morgan on the lower margin of the sheet together with some other information, Mr. Morgan also indorsed each note and inscribed the top margin to whom the sheet was originally presented, This is the fourth sheet printed and from plate 1 both obv. and rev., Very low serial numbers from 13 to 16 inclusive, One of the rarest sheets known, A "once in a lifetime opportunity", Crisp, Unc. ($250.00)

GOLD CERTIFICATES
RECONSTRUCTED SHEETS

All of the following lots consist of sheets of four notes which have been reassembled in the original form by careful joining together each of the severed notes from their respective sheets in their proper sequence. This is a difficult task indeed for after the sheets are severed, the notes are usually scattered and it is almost impossible to reassemble the sheets. All of these sheets are formed by neatly joining the notes together at the back with narrow strips of tape. Each sheet is inclosed in a special make cellophane holder, neatly bound at the edge in green with perforations at right side making them adaptable for ring binders.

Speelman, who is on the second sheet, was in office before Woods. This is a peculiar combination and probably happened because a Speelman sheet was

inserted in with some Woods during the numbering operation. In pairs of single notes they are worth about $15.00 per pair. The 3 sheets are being sold as one lot which is proper and fitting for such an unusual circumstance. All are Superb, Crisp, Unc. ($50.00)
